

PRESS RELEASE

Tuesday 2nd July 2019

For immediate use

A “wheelie great day!”- Square Wheels continued the exciting 'Summer Sundays on the Square' events in Retford

The sun came out on Sunday 30th June, to shine on the second of the 2019 events on the Market Square in Retford - 'Square Wheels' – which saw the square full of exciting cars and motorcycles from the Jaguar Drivers' Club and Harley Davidson owners.

They came from far and wide – Newbury, Chesterfield, Nottingham, Sheffield and Lincoln, to name but a few locations, from where drivers brought their brilliantly presented and fascinating vehicles. Whether you favour four wheels or two, there was something for you – a Jaguar D type made a popular appearance and a white Harley Davidson attracted a lot of interest from visitors.

Local cafes, restaurants and shops which were open on the day reported good levels of visitors from various locations in and around the area, who said that they enjoyed their day out in Retford. Plans are already under way to establish an event in 2020 in Retford and there was great support from the Jaguar Drivers' Club and the Harley Davidson owners to take part again.

Square Deal on Sunday 28th July 2019 is the next event in the 'Summer Sundays on the Square' series. This is all about supporting your local charities and community groups – there will be raffles, games, information etc. To book a stall, which is free this year, please contact Peter Hargreaves at Retford Markets Team (peter.hargreaves@bassetlaw.gov.uk or 07903 560732).

The three 'Summer Sundays on the Square' events, Square Fete, Square Wheels and Square Deal are organised by Retford Business Forum, with support from North Notts BID and Bassetlaw District Council.

The Jaguar Drivers' Club was formed in 1956 and has a long and historic relationship with Jaguar Cars. It provides members with factory visits, displays of rare vehicles for Club events, magazines, a club insurance scheme and a comprehensive website.

Harley-Davidson was founded in a small shed in 1903 by William S. Harley and brothers Arthur and Walter Davidson in Milwaukee, Wisconsin. After more than a century the Harley-Davidson brand is so rooted in American culture that the history of the company intertwines with the history of America itself. www.harley-davidson.com

Notes for Editors

Retford Business Forum is run by volunteers from Retford's business and community-interest enterprises. We are passionate about, and committed to, ensuring that Retford and its surrounding villages prosper today and provide opportunities for everyone in the future.

The Forum meets on the first Monday (except bank holidays) of the month at 5.30pm for 6.00pm at the Council Chamber, Retford Town Hall.

The Forum is currently looking for an Administrator and a Treasurer, please contact chair@retfordbusinessforum.org.uk for further details.

Photographs are supplied by kind permission of the photographer, Eric Richardson.
